## WELCOME TO CAMPTOWN

The experience of a Camptown wilderness adventure goes well beyond just having a good time. Camptown fosters values such as sharing, caring, honesty, respect, and responsibility as we help youth to adjust to and cope with their changing world. Staff-led hiking, canoeing and other nature experiences teach youth about themselves and nature.

*"I am going to spend more time outdoors than indoors on the computer or TV."*  
- Student

Youth grow individually and collectively while:

- ▶ Practicing leadership and communication skills
- ▶ Taking on new responsibilities
- ▶ Practicing problem solving skills
- ▶ Learning to work with peers
- ▶ Learning to trust others

*"I learned not to give up as much, I'm going to challenge myself."*  
- Student

## THE CRUX AT CAMPTOWN

The CRUX at Camptown is an indoor bouldering and teambuilding experience. With over 2,000 sq. ft. of open play area and 1,200 sq.ft. of indoor boulder walls, your students or employees will find a challenge awaiting them. Whether we lead a teambuilding challenge for you, or you put together your own program and use our spacious conference room and CRUX facility, we will work to help you achieve your goals. The CRUX at Camptown is open to church youth groups, Boy & Girl Scout groups, and corporate groups for open climbing, birthday parties, lock-ins, and teambuilding activities by reservation.

*"My trip was amazing and changed the way I look at things. Thanks for changing my life."* - Student

## ADVENTURE PROGRAMS

### Wilderness Adventures

Adventure options include hikes, canoe trips, camping, backpacking, and white water rafting. Adventures can last a day, weekend or an entire week.

### Missions/Spiritual

Experience God's love in a life-changing way. Developing a sense of purpose and identity are crucial to a young person's spiritual growth and overall well-being. These experiences will expose participants to the idea that life on earth is a blessing given by our creator and how to live life beyond our own self-interest.

### Youth With Disabilities

Our youth with disabilities programs are designed to help youth look beyond their disability and see that they can do anything they put their mind to; to try things that they do not think they can accomplish and succeed. Activities are planned with each group's abilities in mind so that everyone will succeed.

### Youth Leader

Camptown's Youth Leader Program is designed for teens to have fun while they develop their leadership, decision making and professional skills. Our youth leaders will receive some specific training such as first aid/CFR, Leave No Trace Outdoor Ethics, leadership, and backcountry camping skills.

### Natural Wonders Day Camps

These day camps allow larger groups of various ages to have an introductory nature experience. A Natural Wonders Day Camp will consist of a variety of outdoor activity stations, allowing the campers to explore outdoor recreation in a safe environment. Activities include: fishing, nature hike, team building games, and canoeing. This program is great for Summer Day Camp groups looking for a new field trip.

### Trainings and Workshops

Whether for your students, or as professional development for your staff, Camptown offers American Heart Association First Aid & CPR certification, Leave No Trace Trainer courses and workshops, basic canoe and water safety instruction, teambuilding workshops, or specific outdoor skills classes.

### How Wild is Your School?

"How Wild is Your School?" is a fun, energetic, thought provoking way to teach your students about the world around them. Camptown staff will come to your school and bring outdoor education to the everyday through a hands on learning experience.
